

NORTH–SOUTH ROAD CORRIDOR *Investment Program*

PROCUREMENT OF CONSULTING SERVICES

FOR SELECTION OF ENGINEER SERVICES FOR SECTION SISIAN - KAJARAN (TRANCHE 4) PROJECT

Yerevan 2021

NORTH–SOUTH ROAD CORRIDOR Investment Program

The most general part of the Tenders Documents for Selection of Engineer services is a Terms of Reference (TOR) for the assignment. The TOR clearly define the objectives, goals, and scope of the assignment and provide background information for the participants of selection procedure for preparation of their proposals.

In accordance with Term of Reference of this selection procedure the Consultant shall perform duties of FIDIC Engineer as described in the FIDIC Conditions of Contract for Construction, for all civil works provided by the detailed design (including construction of new bridges and tunnels).

NORTH–SOUTH ROAD CORRIDOR Investment Program

The Consultant will carry out all construction supervision activities for civil Works, will cooperate closely with the Client and other stakeholders.

The Consultant will ensure all contractual arrangements, including all changes required from the parties of the contract, in order to ensure quality and compliance with the rules and procedures of Client.

The Consultant will monitor the performance of the works contract and ensure compliance with all social and environmental requirements and the requirements of design solutions. Also, the Consultant will ensure that all Client policies and procedures on safeguards are followed during whole implementation period.

NORTH–SOUTH ROAD CORRIDOR Investment Program

The Consultant will be responsible for development and implementation of an overall monitoring plan, and for development of a consolidated construction program, showing the critical path of the overall implementation program.

During the period of this assignment the Consultant ensures the storage of all records, in the framework of the contract for construction works, implements the daily coordination, monitoring and supervision of all actions, including the preparation and submissions to the Client of the relevant reports.

All this and other responsibilities and requirements will be specified in detail in the TOR.
