- ❖ Opportunity to communicate with the first persons of the companies

EXHIBITION is the only tool that affects on all five human senses, giving you the opportunity demonstrate a product, answer a question, remove objections, and most importantly build relationships with their customers and potential clients.

Advertising for the exhibition

Our company has carefully studied the market of Kazakhstan and is ready to offer you advertising tools that may be useful to you.

What types of advertising do we use:

- ❖ *Internet advertising, contextual advertising (in all social networks)*
- ❖ *Direct Advertising (Direct contact may involve either a personal presentation of the advertised offer or a remote presentation, such as by mail, telephone, or other means)*
- ❖ *Print Advertising (flyer, booklet, catalogue, poster)*
- ❖ *Promotional Activities*
- ❖ *Outdoor advertising (Outdoor Advertising) (billboards, city board, posters)*
- ❖ *Radio advertising (Radio Advertising)*
- ❖ *Promotion at specialized places (exhibitions, forums)*

The main goal of advertising is to increase the volume of sales of services and goods.

Our company TOO "Kaziron Trade" tries to develop your company and improve relations between partners for each exhibitor. In turn, we will be happy to help in organizing a business program within the framework of our exhibition, visa support, PR - campaigns to attract visitors to the stand and, of course, in the construction of stands.
